

How We Work With You

Mosaic is committed to long-term, mutually beneficial client relationships, and this reflects in our 90% return business rate. Services & consulting can be hard to define for some, so we have created these engagement models to help with the onboarding process.

Engagement Models

AI/ML Project Support

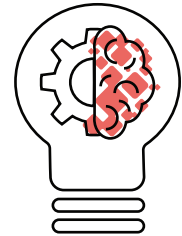

Let us cross that project off your to-do list. Mosaic expertly engages at any point in the analytics life cycle.

Hands-On Training

Looking to build a data science team? Let our customized training level set and level up your team.

Proof of Concept

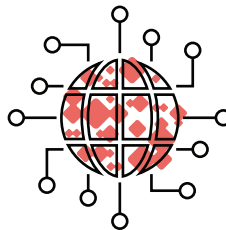

Try us out with a small initial project to demonstrate Mosaic's speed to value. Typically 1-3 from kickoff to model delivery.

Analytics Readiness Assessment

Mosaic provides analytics assessments, mentoring, and strategy consulting to help companies move confidently in today's fast-moving AI world.

Production-Grade Deployment

Mosaic expertly implements models at scale, integrating with your existing infrastructure or building a custom AI-driven app.

Rent a Data Scientist™

Buried by projects? Hiring freeze? Looking for new analytical skill sets? Mosaic's data scientists deepen your bench.
