Mosaic Data Science, located in the Northern Virginia/Washington, DC Metro area, encourages qualified sales representatives to contact us regarding current full-time, salaried sales opportunities.

Mosaic Data Science is a dynamic, growing data science consultancy solving some of the most complex and interesting problems in industry. As we continue to grow, we are looking to add a dynamic, sales professional. This position involves working with our Director of Marketing & Sales to follow up on campaigns designed to acquire new clients, including facilitating the sales process to a successful close, and assisting in managing and growing the client relationship over time. The sales rep will be responsible for managing leads from initial contact through first meeting, qualification, proposal writing, contracting and close.

Currently, we receive around ~1K web leads per month and need support turning these into sales opportunities and customers. To be successful, you will need to thrive in a fast-paced, team-oriented environment with limited oversight. The expectation is you will manage a book of business as you see fit with support from the data science and marketing team as needed.

Mosaic is in growth-mode and seeks a candidate who can also help architect a scalable sales process. The candidate's opinion will be valued to optimize the current Go-To-Market strategy and execution.

You can expect your responsibilities, opportunities, and compensation to grow as quickly as you're willing and able to receive them. You'll enjoy a fantastic benefits package that includes profit sharing and generous personal leave, professional development opportunities, as well as first-rate healthcare and retirement benefits. Most folks who join Mosaic stay for a long time.

Travel as needed to close new relationships and maintain/grow existing clients.

**Sales responsibilities:**

- Leverage existing relationships to generate a pipeline quickly
- Coordinate with marketing to follow up on inbound leads
  - Work with marketing to tune marketing campaigns
- Use hunter mentality to drive new sales via phone, email, LinkedIn, etc.
- Leverage industry and/or experience to provide insights on improving the sales process
